future

Join our Asset & Wealth Management Challenge

Asset & Wealth Management Challenge

Explore the world of Asset & Wealth Management through our case study challenge. Work with like-minded team mates of your choice by putting your skills together to solve a hypothetical case study.

You'll gain valuable knowledge of how the finance business works with exposure to asset allocation, client management and scenario analysis and find out what it takes to work as an Analyst in Asset & Wealth Management.

You'll get the opportunity to earn a spot in the Asset & Wealth Management summer internship program. All majors are welcome.

**Registration for the Challenge is
open [here](#) until
17th September (23:59 HKT) !**
