[Market Overview - Global Economy, Financial and Real Indicators with Eikon*](#) by Benjamin Tin

Date & Time: 1st October 2019 10:30 SGT

The International Monetary Fund cut its global growth outlook for the third time in six months in April 2019 to the weakest pace since the global financial crisis, pointing to Brexit-related uncertainties and trade tensions between the US and China as fueling its downgrade. Worldtrade volumes are falling for the first time since the end of the financial crisis in a sign the global economy is only one more major shock away from recession. Goals: Market overview, Macro outlook, main themes concern, US economy, top indicators to watch, impact on Asia.

[Market Overview - CNY and its Reform Policy*](#) by Benjamin Tin

Date & Time: 7th October 2019 10:30 SGT

China's tight peg to an appreciating U.S. dollar meant the Yuan's real trade-weighted exchange rate had climbed more than 10 percent just alone in 2014, even as its economic growth slowed and exports slumped then came the sudden near-2.0 percent devaluation of the Yuan on August 11th 2015 suggested Beijing was willing to risk pushing other Asian emerging market currencies lower in turn and brave fresh trade tensions with the United States. In this session, we understand the significant devaluation month in 2015 and the reform policy direction.

Goals: History of Reform, Relationship between Yuan and USD, Interpretation of the new regime, TR/HKSE basket index, CFET index, Mundell-Fleming Policy Trilemma

Goals: User know how to use FX Option Calculator (FXOC App) to calculate FX exotic option

premium, scenario analysis and to do vanilla option strategy analysis. - Digital Option - Barrier option - Average option

[Analysis on One Belt One Road with Belt Road Initiative Connect and China Price Discovery*](#) by Wilson Teo

Date & Time: 9th October 2019 11:00 SGT

China's ambitious global infrastructure investment strategy goes beyond sponsoring roads and railways by influencing the international geopolitical landscape, but as it encounters resistance, its real costs are becoming evident. The initiative's real objectives and multilayered ambitions have been analyzed from a broad array of perspectives, but there is a growing awareness that its impact is already being felt far beyond the physical reality of infrastructure construction. As the U.S.-China competition grows across many areas, they are entering a new, uncharted grey area.

[Eikon FI Apps - Bonds and Credit](#) by Satomi Saito

Date & Time: 10th October 2019 08:00 SGT

[Will China Overtake Singapore As The Most Vital Commodities Trading Hub In Asia?*](#) by Wilson Teo

Date & Time: 14th October 2019 11:00 SGT

Every year about US\$10 trillion of commodities are produced and consumed. Although China is the world's largest consumer of commodities (from agricultural to energy products), it remains a price taker at the mercy of traders in Singapore, Chicago, New York and London, where futures prices are fixed. Singapore is a commodities-scarce country but it has emerged as Asia's most important commodities trading hub. Will China overtake Singapore as the most vital commodities trading hub in Asia?

[Market Overview - RMB: Trade war tension with China data*](#) by Benjamin Tin

Date & Time: 21st October 2019 10:30 SGT

China's yuan was set for its worst daily fall in nine months on May 13th 2019 as trade negotiations between the U.S. and China ended after President Donald Trump raised tariffs on Chinese goods. The yuan has fallen for six consecutive days and some analysts believe it will breach 7 per dollar in coming months, the level last seen during the global financial crisis. The world's two biggest economies appear deadlocked. Investors are watching to see how Chinese policymakers plan to offset the impact of the stiffer tariffs on both the economy and financial markets, analysts at Citi said. In this session, we will learn more on the market insight and outlook.

Goals: Market overview, CNY devaluation stages, drivers of RMB, PBOC easing trends, measures implemented, market indicators.
